A five-star tour of Cologne

Drop the word “Cologne” and thoughts turn to the cathedral, the Rhine and the carnival season. Cologne's 2,000 years of cultural history are on display here in stone, glass, gold and sculpted wood in great quantity. Join us with this picture volume on a vicarious tour of the Praetorium, seat of the provincial governor in Roman times, the House of “4711”, the Museum Ludwig, the Rhine Park, or the Stapelhaus.
